Cotton Groves Update:

Current and future Habitat homeowners gave their input on community resource options to help Habitat better understand what they're looking for in their communities. Roughly 40 homeowners came out to share their thoughts and ideas. They helped pick which playground design Habitat will be implementing in the Cotton Groves project.

Families soon to be Homeowners:

We will be building homes for families, which include military veterans and others building a new life in America.

Bill Acy and Patricia Forest-Acy are survivors! Bill served in the Army during the 70's and has had many health struggles from cancer to a recent stroke.

Laura Manning served in Iraq, and has 1 boy and 1 girl. While living in Samaritan Inn she has struggled to make ends meet. Laura mentioned how happy she was that Habitat would catch them for a leg-up on the next phase of their lives.

Tsige Yigezu and her children come from Ethiopia and are excited about their Habitat journey. They acknowledged missing their dad who passed from a stroke.
